INSTALLATION INSTRUCTIONS FOR TRAY SNAP PIN & TOWEL TENSIONER Part #320K Design Modification for your Trailer Door Cabinet Part #320

This spring/washer kit is designed to keep your paper towels from coming unrolled. The spring needs to slide over the metal towel rod, and in between each washer. Each washer should butt up against against towel rolls, keeping enough tension between rolls so that they will not unravel in the wind or in transit. If you have any questions, please feel free to call our tech department at 847-872-7257.
